COUNTY Ventura

PAGE 1 OF 3  
SOLID WASTE FACILITY PERMIT NO. 56-AA-004  
PROPOSED  
DATE 8-11-78  
SSWMB APPROVAL  
ENFORCEMENT AGENCY APPROVAL  
Rev. 6-20-79

FACILITY NAME

Santa Clara Sanitary Landfill

OPERATOR

Ventura Regional County Sanitation District

FACILITY LOCATION

2501 North Ventura Road, Oxnard, CA

OWNER: VENTURA COASTAL CORP. PO Box 69 VENTURA CAL 93001

FINDINGS

- A. This facility is an existing (since 1974) 244 acre Class II sanitary landfill with remainin site life of 3 years. The area method of operation is utilized at the site, which receives 1,500 tons of waste per day. The hours of site operation are from 7:00 a.m. to 4:00 p.m. daily, Sundays from 12:00 noon to 4:00 p.m., closed on the following holidays: New Year's Day, July 4th, Thanksgiving Day and Christmas Day.

Scavenging is not permitted at the site. However, some materials are recovered. Wastes received at the facility include:

1. Residential
2. Commercial
3. Demolition

- B. Design and operation of this facility are as specified by the Report of Disposal Site Information, which is hereby made a part of this finding. There is a proposed significant change in design, as follows:

1. Expansion of the existing site to include an additional adjoining 80 acres of Ventura Coastal property.

- C. Land within 1,000 feet of the site is zoned as follows:

1. Rural Agricultural
2. Rural Exclusive

This permit is granted solely to the operator named above, and is not transferable. Upon a change of operator, this permit is subject to revocation. Upon a significant change in design or operation from that described in this permit or in attachments thereto for the existing design and operation of a facility operating immediately prior to August 15, 1977, or from the approved intended design and operation of a facility which was not operating prior to August 15, 1977, or which herein is granted a permit modification, this permit is subject to revocation, suspension, modification or other appropriate action.

This permit does not authorize the operation of any facility contrary to the State Minimum Standards for Solid Waste Handling and Disposal. This permit cannot be considered as permission to violate existing laws, ordinances, regulations, or statutes of other government agencies.

TITLE

Director, Environmental Health Department

DATE

6-20-79

- D. This facility's design and operation were in substantial compliance with State minimum standards as determined by a physical inspection made on June 26, 1978.
- E. This permit is consistent with the Facility's Element of the Ventura County Solid Waste Management Plan as approved May 18, 1976. The facility is identified on page V-22 of this document.
- F. The following documents condition operation of this facility:
  - 1. California Regional Water Quality Control Board, L.A. Region: Resolution No. 61-52.
  - 2. City of Oxnard, CA Sanitary Landfill Operation Agreement.

#### CONDITIONS

##### A. Requirements:

- 1. This facility must be in compliance with the State minimum standards for Solid Waste Handling and Disposal.
- 2. This facility must be in compliance with all federal, state and local requirements and enactments.
- 3. Additional information concerning the design and operation of this facility must be furnished upon request of the enforcement agency.

##### B. Prohibitions:

The following actions are prohibited at the facility:

- 1. Disposal of hazardous materials.
- 2. Disposal of liquid wastes and/or sewage sludge.
- 3. Scavenging.
- 4. Open burning.
- 5. Disposal of large dead animals.

##### C. Specifications:

- 1. No significant change in design or operation from that described in Items #A, #B, #D and #E of the Findings Section is allowed, except for those changes which are required under the "CONDITIONS" portion of this permit.

D. Provisions:

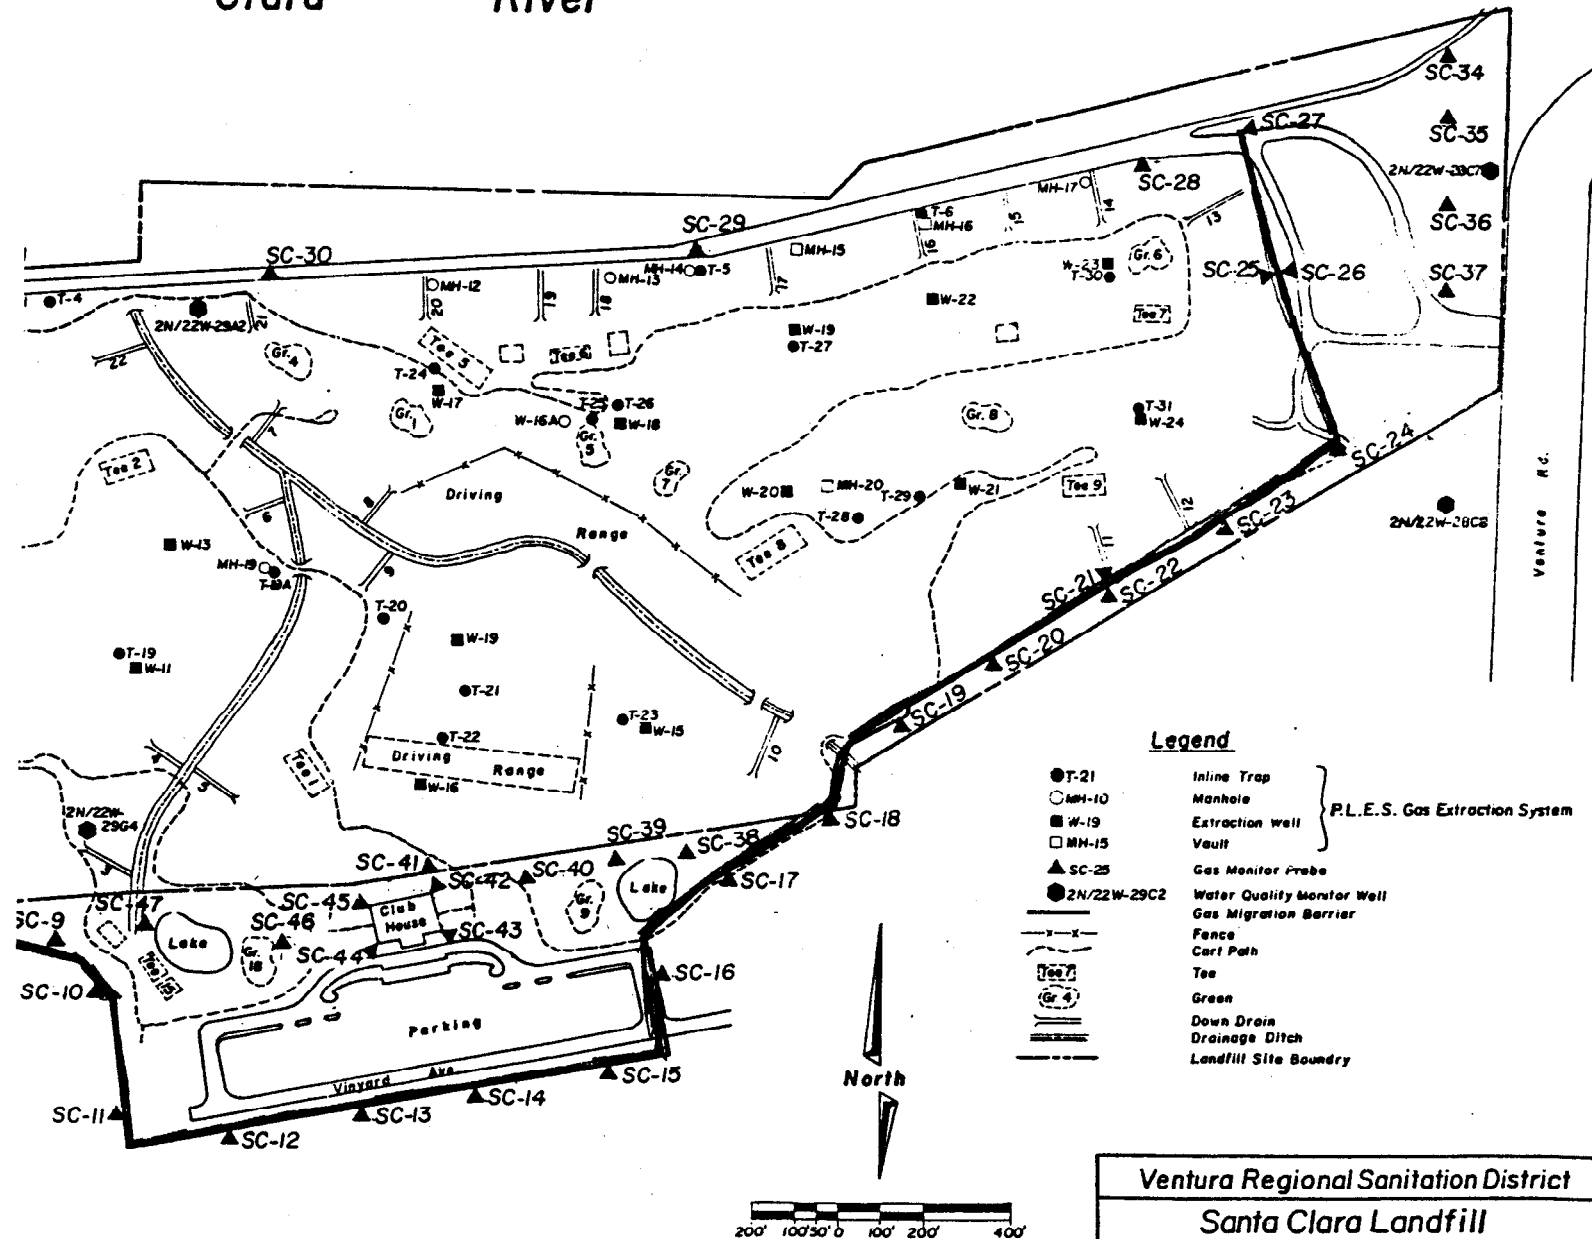

1. The operator shall immediately commence and hereafter maintain a record of special occurrences.
2. The operator must take adequate steps to control bird problems at the site by December 31, 1978.
3. This permit is subject to review by the enforcement agency and may be suspended.

E. Self-Monitoring Program:

The following items shall be monitored by the operator of this facility or his agent. Records shall be kept and made available to the enforcement agency upon request:

1. Number of minimum fee vehicles utilizing the site per month;
2. Quantity and types of wastes received at the site per month;
3. Quantities and type of materials salvaged per month;
4. Area of site utilized.
